When you first log in to Dragon, you will see the following screen:

Click on “Source” and then “New”:

Keep the defaulted “Microphone plugged into Mic-in jack” (DO NOT SELECT ANDREA SUPERBEAM):  
- *You will have to complete the “General Training” for this new source:

Next time you log in, you will have to select the profile with the correct Vocabulary and Source and click “Open”:  

(Please plug in the mic to the computer before launching Dragon)
